EDUCATION

- **Gokhale Education Society's R.H.Sapat College of Engineering** — Nashik
  Bachelor of Engineering - Computer Science; GPA:9.63 — *2020-2024*
  Courses: *Data Structures,Object Oriented Programming*

SKILLS SUMMARY

- **Languages**: Python, C++, JavaScript,JAVA
- **Platforms**: Windows
- **Soft Skills**: Leadership, Event Management, Public Speaking, Time Management

EXPERIENCE

- **Microsoft Engage** — Remote
  Mentee — *May 2022*
  - **Data Analysis of Automobile Industry**:
- **Oasis Infobyte** — Remote
  Web devlopement and designing Intern — *Aug 2022*

PROJECTS

- **Data Analysis of Automobile Industry**: Demonstraes how Automotive industry could harness data and take informed decisions. Tech: Python,NLTK,TensorFlow,Google Data Studio,Django (May 2022)

- **Color Detection using Image Processing** : This project introduces a technique for automating the methodology of detecting and tracking objects utilizing color feature and an algorithm is developed to track the real-time moving objects in different frames of a video using color feature and motion . Tech: Python,OpenCV,Numpy. (August '18)

- **Maths Matrix**: It enables the user to quickly solve basic problems by giving proper input and getting desired output. It is a user-friendly interface, where the user can access different mathematical functions and operations at each step, during the execution of the source code. Tech: Python

VOLUNTEER EXPERIENCE

Google Developer Students Club — Nashik, India
Organized events,Host.
